SKF 729655/150MPA

Hydraulic connection nipple

SKF provides a wide range of connection nipples covering many different thread combinations and sizes. They are used as adapters to enable pipes and hoses to be connected to different thread sizes.

- Made from high strength materials
- Enables the SKF Oil Injection Method to be used on many applications

Dimensions

Connecting thread 1	G 1/4
Connecting thread 2	NPT 3/8
Width across flats	7/8"
Connecting cone diameter	0.315 in
Total length	1.5748 in
Length of connecting thread 1	0.5906 in
Length of connecting thread 2	0.5906 in

Performance

Maximum pressure	21756 psi

Properties

Series	Hydraulic connection nipple
Version	NPT thread
Type	Model B
Suitable for use with quick connection nipple	Yes
Type of connecting thread 1	Female
Type of connecting thread 2	Male
Maximum pressure (MPa)	150 MPa
Connection type	Straight
Material	Chromium molybdenum steel, hardened and tempered

Colour	Metallic

Logistics

Country of Manufacturing (COM code)	16 - Netherlands
Product net weight	0.17 lb
eClass code	23-05-19-01
UNSPSC code	27112908
